

# Starlight Dragons, Life

(Chorus)

I want my life to change  
But I can't arrange  
Life  
Why do we live?  
What's the meaning of life?  
And what are you willing to die for?  
Questions  
But I can't find the answers  
I want my life to change  
But I can't arrange

(Verse 1)

Sonny is in the cup  
Now c'mon  
My whole life is shit  
My whole life is f\*\*ked up  
If you don't like me blow me  
'Cause I'm already a f\*\*kin' nuttcase  
Gettin' all over the place  
No plessure  
I can't discover  
Because of your lover  
I don't know why I live  
Can't take this frustration no longer  
I have to denie  
The fact that my whole life is shit  
You don't live eternal  
So don't waste the time  
That you live on this planet  
Complaining about the way I used to play  
It won't be easy for me to live a good life  
And the rules of the f\*\*kin' knife  
But with my band of style and class  
I keep my head up  
And spit no glass  
Pay my bills  
Kill the ones who betrayed me  
I would break there necks  
And get the decks  
I don't want to live in this way any longer  
You gotta understand this song

(Chorus)

I want my life to change  
But I can't arrange  
Life  
Why do we live?  
What's the meaning of life?  
And what are you willing to die for?  
Questions  
But I can't find the answers  
I want my life to change  
But I can't arrange

(Verse 2)

Stiffah bring your back on the ground  
We get born  
Grow up  
And die after many years  
I don't have fear  
Because we have enough gear  
And take we drink the beer  
Why do have children go to school?

Why do people work?

To get the f\*\*kin' money  
But you want to get the honey's  
You get born as a player or not  
You can't become one  
You have it or you have it not  
But we don't stop until we get tha ladies  
With tha Mercedes Benz  
We are a strong defence  
You can't beat use anymore  
We almost know what life meanes  
But even If we have to learn much  
We are not so understandable  
As we touch  
We f\*\*kin' rap  
Until we motherf\*\*kers die  
You gotta understand this song

(Chorus)

I want my life to change  
But I can't arrange  
Life  
Why do we live?  
What's the meaning of life?  
And what are you willing to die for?  
Questions  
But I can't find tha answers  
I want my life to change  
But I can't arrange

(Verse 3)

C'mon Lee  
From America to Australia  
We want to be famous  
Worldwide  
That's or target for life now  
You gotta believe in us  
Trust in us  
'Cause we gonna be better  
Than all the rest  
All Y'all  
We got a new target  
Become famous  
Get the money  
To pay our honey's  
We represent the Starlight Dragons  
So don't mess with us  
But bless for us  
And choose the right dress  
'Cause we got a long way to go  
And we gotta keep the flo  
Straight to the top  
You gotta understand this song

(Chorus 2x)

I want my life to change  
But I can't arrange  
Life  
Why do we live?  
What's the meaning of life?  
And what are you willing to die for?  
Questions  
But I can't find tha answers

I want my life to change  
But I can't arrange
