

Starlight Dragons, My Reason

Living like this shelter
Constantly alone
Pouring out my weakness
There's an emptiness at home

(Bridge)

I need to find a reason
To live this way
I'm running out of patience
And my life is over

(Chorus)

I'm standing here
But I'm on my way
Searching or finding an answer
I'm standing here
But it's all the same
And I'm running out of patience
Well, life would take
My reason for you
And I have gained
A reason for you
But you left me
You left me here
And I'm all alone

I've been stripped to my innocence
Take pity in myself
I surfed the gene of evens
That left me in this hell

(Bridge)

I need to find a reason
To live this way
I'm running out of patience
And my life is over

(Chorus)

I'm standing here
But I'm on my way
Searching or finding an answer
I'm standing here
But it's all the same
And I'm running out of patience
Well, life would take
My reason for you
And I have gained

A reason for you
But you left me
You left me here
And I'm all alone

I'm all alone
I'm all alone
I'm all alone
I'm all alone

Uh
Uh

Well, I'm searching
To find my reason

To find our reason
To find my reason
Why I need you
And I need you
And I want you
But I need to
Get away from you
And I need you
And I want you
But I need to
Get away from you

WELL, I NEED YOU
AND I WANT YOU
BUT I NEED TO
GET AWAY FROM YOU
AND I NEED YOU
AND I WANT YOU
BUT I NEED TO
GET AWAY FROM YOU

Well, life would take
My reason for you

And I need it
Someone to love me
But you just left me
Here and I'm lonely
You know I need it
Someone to love me
But I'm all alone
