

# Starlight Dragons, Please, Say That U Love Me

I met this girl on school  
I looked here right in the eye  
Her beautiful eyes and her cherry lips  
And a little taste off her pretty smile  
And I know  
That she is my girl  
She's a sexy lady, pretty baby  
She drives me crazy

[Chorus]  
Please, say that U love me  
Or I would fell apart  
And U would brake my heart  
Please, say that U love me to  
Please say U do

I can't stand this no longer

I wanna grab U and hold you  
All day and night  
I can't miss you one minute  
Your the one that I have been looking for  
I would never forget the things you told me  
So I can hold you forever in my mind  
Cause you are the kind I was looking for  
I can't leave this desperate days  
To get my pays

[Chorus]  
Please, say that U love me  
Or I would fell apart  
And U would brake me heart  
Please, say that U love me  
Please, say U do
