

Starlight Dragons, Rappin' Like A Mummy

I rap about the world
The good and the bad things
And the shit on this planet
The light and the dark everywhere on the world
'Cause I'm still

[Chorus]
Rappin' like a mummy
Stil rappin' like a mummy
And I'm not a dummy
Yeah C'mon

I rap about love, money, cars, necklaces and woman
And you know it about money
Money is power motherf**ker
And U can not stop that
Life ain't nuttin' but a big mess
So this is the less I ever test
And I have no rest
So hit me in the chess
'Cause I'm still

[Chorus]
Rappin' like a mummy
Stil rappin' like a mummy

And I'm not a dummy
Yeah C'mon

I'm glad to by myself
Your such and ass If U take my fake cash
No more things 'bout to worry about
So I will speak loud
And rappin' it out
I don't want to go to court
And all I now is that speaking can by short
I'm not yet eighteen so haven't a car
To ride in and get so far
The love from the women
Got me comin'
And if there's breezer in the freezer
The women will be comin' to party it up
'Cause I'm still

[Chorus]
Rappin' like a mummy
Stil rappin' like a mummy
And I'm not a dummy
Yeah C'mon

[repeat chorus 1x]
