

Stars, Krush

It's all dark, streets are empty
Take me home, be radio-friendly
Keep me out, take me under
The water bridge back when we were younger
You lean in, I get nervous
Think of leaving to know the ending
There you are, there's my doubt
You're electric, I'm a power-out

Don't know who I am
But I'm here with you
Alive

Don't know who I am
But I'm here with you
Alive

I don't want to go, there's nothing but rumours
Of what I might have never been
You don't have to come, I see it your eye
You can stay, leave it behind
Leave it behind
Leave it behind

Don't know who I am
But I'm here with you
Alive

Don't know who I am
But I'm here with you
Alive

You don't have to give, it's nothing to me
Cross your arms, keep everything
There's another side to this sad story
Fuck you Hollywood, I'm the glory
I'm the glory
I'm the glory
Guess what?
I'm the glorious one

Don't know who I am
But I'm here with you
Alive

Don't who I am
But I'm here with you
Alive

Don't know who you are
But where you are
Beside me

Don't know who you are
But where you are
Beside me
