

Stars, The Big Fight

How could you do it
I couldn't say
Years built on sand
June until May
Second to second
Lied even while you held my hand

It's death for the living
Yes I am a ghost
The mirror is cloudy
I loved you the most
You threw out the pieces
Did things we didn't understand

He doesn't want her but he just won't let her go
He doesn't want her but he just won't let her go
She started breaking but she still won't let it show
He doesn't want her but he just won't let her go

The clothes in the wardrobe
Just send them to me
There are bills here for you
That's 'cause nothing is free
We build up with things
To make us who we want to be

Is she in the background?
I just wouldn't know
Did I build you a prison?
Please don't let me go
I've unlocked the door
But you can't walk away from me

He doesn't want her but he just won't let her go
He doesn't want her but he just won't let her go
She started breaking but she still won't let it show
He doesn't want her but he just won't let her go

He doesn't want her but he just won't let her go
He doesn't want her but he just won't let her go
She started breaking but she still won't let it show
He doesn't want her but he just won't let her go.
