

Stars, Toxic Holiday

Tomorrow's light hurts my eyes
Still seeing me with you
Loose lies, loyal eyes
Lovers meant to

(Chorus)
Be okay
While we fade
Misbehave
Toxic holiday

We were tight, we were tired
Whatchin' each other sleep
Just your face keeps me awake
And my body beats

(Chorus x2)
Toxic holiday
Toxic holiday

Celebrate carbonate
Lackadaisical love
Cause' it's just us
In all our rust
Beautiful horrible

(Chorus x2)
Toxic holiday
Toxic holiday
