

# Starsailor, Could You Be Mine? (US Bonus Track)

From the moment the dawn breaks,  
Panic the headache  
Sick on the floor  
My television  
They canvas opinion  
Are we going to war?

Sing for you darling,  
Hope that you hearing  
Got you in mind  
Cometh the hour  
Cometh the power  
Making you mine

I looked in your eye  
Fell from the sky  
?Lying dry  
Panic is blue  
So is the truth  
Could you be mine, tonight?

And I feel like I'm flying  
Faster than lightening  
Across the floor  
Give me that reason  
Something to please them  
Couldnt ask for more
