

Starsailor, From A Whisper To A Scream

Band - Starsailor

Song - Whisper to a Scream

I'm not scared that I will tire of her
She takes me out into the beautiful love
I'm not sure just what it means
From a whisper to a scream

I get scared that she will tire of me
Tell a lie and break my heart into three
I'm not sure just what it means
From a whisper to a scream

But I wanna be there whenever I can
Won't you pull on my heart strings
You leave simply hang

I'm not scared now when I walk through the storm
I'll come home and I'll find strength in your arms
I'm not sure just what I mean
From a whisper to a scream

I'm not scared now when I'm having to leave
I'll come home and I'll find strength when I breathe
I'm not sure just where I've been
From a whisper to a scream

But I wanna be there whenever I can
Won't you pull on my heart strings
You leave simply hang
