

# Starsailor, Get Out While You Can

Get out while you can its set to blow,  
You should just be glad I let you know  
We don't like your kind here  
So get out while you can

Get out while you can the need is high  
I can see the fear in your eyes  
We don't like pure minds here  
So get out while you can

Do you see what I see?  
A classless society

Get out while you can its set to blow,  
You should just be glad I let you know  
We planted some mines here  
So get out while you can

Do you see what I see?  
A plastic society  
Won't bring us to our knees  
So come on and help me

Do you see what I see?  
A plastic society  
Won't bring us to our knees  
So come on baby  
help me won't you please?
