

Starsailor, I Don't Know

Woke up reeling
Lost all feeling
Heart on the floor
My eyes to the ceiling

Tried to stop me
But I was not listening
One more drink and I won't miss them

I don't know what love is
I don't know what love is
I don't know what love is
But I think I had it

See that poor girl
With the glint in her eye
She could turn you that way
If you're willing to try
Don't you worry about your friends
and the time they're having
They are on the outside and they're looking in

I don't know what love is
I don't know what love is
I don't know what love is
But I think I had it

See them wasting it all away
For the sake of a thrill and a game away

Oh they found him
Put him in prison
Could have been worse
They could have killed him
He's not the one
He was only dealing
But there's a killer on the loose
and he meets the description

I don't know what love is
I don't know what love is
I don't know what love is
But I think I had it

I don't know what love is
I don't know what love is
I don't know what love is
But I think I had it (repeats)
