Starsailor, Listen Up

So it was my life began Just a pale and drawn shadow of a man Then I put my armour on This could be the night all my fears are gone This could be the one Listen Up We're gonna make it somehow We're gonna change the world Starting here and now There's a time for standing tall Every man must rise Every man must fall When he comes to call Listen Up We're gonna make it somehow We're gonna change the world Starting with here and now Listen Up We're gonna make it somehow We're gonna change the world Starting with here and now Listen Up We're gonna make it somehow We're gonna change the world Starting with here and now
