

Starsailor, Restless Heart

She stayed till the morning
Left with her soul intact
Something was forming
I asked her if she'd come back
My restless heart beats like a wantan drum
Tear me apart, say I'm your only one

She stayed till the morning
Left with her soul intact
Something was forming
I asked her if she'd come back

My restless heart beats like a wantan drum
Take this to heart, say I'm your only one

Say I'm your only one
Say I'm your only one
Say I'm your only one
Say I'm your heart.
