

# Starsailor, Restless Heart

She stayed till the morning  
Left with her soul intact  
Something was forming  
I asked her if she'd come back  
My restless heart beats like a wantan drum  
Tear me apart, say I'm your only one

She stayed till the morning  
Left with her soul intact  
Something was forming  
I asked her if she'd come back

My restless heart beats like a wantan drum  
Take this to heart, say I'm your only one

Say I'm your only one  
Say I'm your only one  
Say I'm your only one  
Say I'm your heart.
