

Starship, Cut You Down To Size

Don't you know they're gonna cut you down to size
(they cut you down yeah they'll cut you down)
You're gonna find out when you see it right in their eyes
(they cut you down yeah they'll cut you down)
How does it feel when you see through your disguise
(they cut you down yeah they'll cut you down)
And they cut you down, yeah they cut you down
They cut you down to size

How does it feel
What'd you do with this fire inside
Where do you turn now that you realize
Where you go when you run out of alibis
Tell me

Don't you know they're gonna cut you down to size
(they cut you down yeah they'll cut you down)
You're gonna find out when you see it right in their eyes
(they cut you down yeah they'll cut you down)
How does it feel when you see through your disguise
(they cut you down yeah they'll cut you down)
And they cut you down to, they cut you down to
They cut you down to size

How does it feel
How does it feel

You've been living with your own suspicion
Now you've got to believe
I know you've heard it said that only the strong survive

Don't you know they're gonna cut you down to size
(they cut you down yeah they'll cut you down)
You're gonna find out when you see it right in their eyes
(they cut you down yeah they'll cut you down)
How does it feel when you see through your disguise
(they cut you down yeah they'll cut you down)
And they cut you down to size

Don't you know they're gonna
How does it feel when you see through your disguise
And they cut you down to, cut you down to
Cut you down to size

Get up stand up, come back for another round
And they cut you down to size
Cut you down to size
