

Starsplash, Wonderful Days

I found the love but it didn't last,
wonderful days belong to the past,
I will know where I stand and what I'm to do,
Tried to forget and I found someone new

So I pray on my knee's to the Heaven's above,
send me somebody please - someone to love,
I'll tell you my story give me your hand,
Don't let me down babe I'll try to feel sound.
