

# Start Trouble, Graduation

Same street, I feel I'm going down it again  
I need, to leave it all behind me but when?  
You say, "I'm never gonna be that way"  
You lied, you cried, you tried too  
Same day, I wake up and I'm back here again  
Same face, despising my reflection again  
You say, "I'm never gonna be that way"  
You lied, you cried, you tried, too  
And still I'm waiting, for my graduation baby  
I know I'm strong now  
But you're the only one that keeps me hating me  
I need to leave, I need to leave  
It all behind forever  
I need to be, I need to be just what I've always  
wanted  
you and me, you and me  
you know we're going nowhere  
I gotta learn to say goodbye

Same book, but we're gonna read it again  
That day, i saw you walking out with him  
No way, it'll ever be the same within  
My pride my pain inside and  
Same shit, but i'm gettin used to it  
Hoping for something that I'll never get  
No way will I ever forgive or forget  
My pride my pain inside and

I wish that I could run away forever  
Go someplace so far away from here  
remember when you told me now or never!  
well, I don't care
