

Start Trouble, Psychotic For You

I remember laying by the pool
That was the first time I saw you
Never had the guts to let you know
That I was stalkin' you
So many things I've sacrificed
For a life looking in through your window light
Every night every day
I need you more
Addicted to you... it's something to live for

[[chorus]]
Don't leave me with these bad dreams
I wanna get in your jeans bad
You always were the best thing
That I never had

My head explodes into
Thousands of tiny pieces
I feel my blood flow
When I watch you
It brings me to my knees

And if you ever caught me
I wouldn't mind cause someone needs to stop me
My obsession is growing stronger and stronger
Each time I watch you
So many things I've sacrificed
For a life looking in to your window light
Every night every day
I need you more
Addicted to you
It's something to live for

chorus

I'm psychotic for you

and I went to your mom's house
She laid me down on the couch
She told me I was young and full of energy

But I know
