

Static, GET TO THE GONE

Get to the gone
Under the gun
Drop in drop out
Get to the gone

Get to the gone
Its just the way you wanna be
Under the gun
Its just the way to be
Drop in drop out
To begin with its killing me
Killing the one thing
I know this to be

I fly I fly
Around the world
Through the night sky
I feel the end
The end is near
Relations die
One mile
Ten thousand miles
Makes no difference
Changes more changes

Get to it
Get to the gone You get to it
Get to become
A relic
A cynic
An addict
Automatic destruction

Get to it
Get to the gone
You get to it
Get to become
The static
The metal
The hell
Got to get it
Sensation
