

Static, IN A BAG

Got to get it out of me
I feel it
I feel let down
Push it down in spite of me
I feel it
I feel let down
Lay it out in front of me
I feel it
I feel it now
Tie it up tie it up
And throw it
Throw it out

Tie me up
Im cursing Im searching
Tie me down
Im giving up
Tie me up
Im losing Im drowning
Tie me up
In my shit

Im cursing Im searching
Im giving up hoping
Im losing Im drowning
In my shit Im floating
Its after its never
Its too late for reason
Its now or its never
Its over its pouring out

Tie me up
Im cursing Im searching
Tie me down
Im giving up
Tie me up
Im losing Im drowning
Tie me down
In my shit
Tie me up
Its after its never
Tie me down
Its too late
Tie me up
Its now or its never
Tie me down
Its pouring out
