

Static Major, 4 A Long Time

Baby girl(Baby girl)

I dont know how to tell you this

But, I feel a little outta line

I dont know if it's the right thing

I mean, I dont know if it's inapropriate...

I've got a secret

That I've been holdin from you

Dont know what I should do

Girl I want you everyday

Because we've worked together

Can we mix business with pleasure

Boy I've beem thinkin that

[CHORUS:]

I think it's bout time you know that

I've been wantin you for a long long time

And I've been lovin you for a long long time

Can you second my emotion

I've been lovin you for a long long time

And I've been wantin you for a long long time

Words cant explain

How I feel about you

Contemplating and waiting to see if I could steal your heart

I dont know how you would feel

But I've been keepin it to myself

I aint tell no one else,but you

[CHORUS]

Girl I ca-ant

I cant stop thinkin about you

I-I-I-I,I-I-I-I cant stop lookin at you

I-I cant

I cant stop dreamin about you

I-I-I-I,I-I-I-I cant stop talkin about you

(Baby)

[CHORUS: until end of song]
