

Static X, Cannibal

Thrash it bash it
live to smash it
Light the spark reach
out and crash it
Rip it stronger grind it longer
Harder faster rabbit master
Sleeping beast rest in peace
Far too primal
Rip the flesh taste of death
Bite the gristle
Killing game
primitive
inquisition
Tear it up inside out
Small incision
Assimilate trust in hate
Your obsession
Celebrate assassinate
Your religion
Us and them hollow field
Sensing fear
Cannibal can't believe
you're a person
Cannibal
Chop it up peel the skin
Slow dissection
Sick minds I'm blind
to the reason
Tune it up touch down
Angel grinder
Cannibal watch and
prey on the victim
Cannibal
Killing game
Watch and prey on the victim
Rabid beast
Can't believe you're a cannibal
Thrash it bash it
live to smash it
Light the spark reach
out and crash it
Rip it stronger grind it longer
Harder faster rabbit master
