

# Static X, Dead World

Dead World Lyrics

Look down around

All is not well

Victim of change

Far out of range

A is non-A

Be or be not

See what I see

Get what I got

Sometimes I wish I could see beyond this dead world

Sometimes I wish I could see beyond me

Dead world

King of my world

This rule I break

King(kinf) of my world

I eat my cake

A is non-A

Be or be not

See what I see

Get what I got

Sometimes I wish I could see beyond this dead world

Sometimes I wish I could see beyond me

Dead world

Softly, angry, bitter, killer

Torn flesh(flish), more less, ears curled

Dead World
