

Status Quo, Didn't Mean It

When you say those words, those three little words
You're in at the deep end
Give up the night times, give up the high times
Give up the weekend
Give up the chance to be your own man
Let the feeling take over
The only way out is to lie if you can
But you don't have the knack
And you'll come crawling back, saying

I didn't mean it, I didn't mean it
I didn't mean to say what I said when I said I didn't mean it
I didn't mean it, I didn't mean it
I didn't mean to say what I said it was only a game
I didn't mean it, I didn't mean it
I didn't mean to tell you in so many words, I didn't mean it
I felt tied down, my pride down
That I put that lie down
The prize now for you is me

Well I was like you and all I could do was
Give up and surrender
The people can trace what they did in my face
But they're just pretenders
They told me mercenary action today
Is a line as simple and pure
But what if you found you made a mistake
The medicine's worse than the cure
And you'll be back for sure, saying

I didn't mean it, I didn't mean it
I didn't mean to say what I said when I said I didn't mean it
I didn't mean it, I didn't mean it
I didn't mean to say what I said it was only a game
I didn't mean it, I didn't mean it
I didn't mean to tell you in so many words, I didn't mean it
I felt tied down, my pride down
That I put that lie down
The prize now for you is me

Give up the chance to be your own man
Let the feeling take over
The only way out is to lie if you can
But you don't have the knack
And you'll come crawling back, saying

I didn't mean it, I didn't mean it
I didn't mean to say what I said when I said I didn't mean it
I didn't mean it, I didn't mean it
I didn't mean to say what I said it was only a game
I didn't mean it, I didn't mean it
I didn't mean to tell you in so many words, I didn't mean it
I felt tied down, my pride down
That I put that lie down
The prize now for you is me
