

Status Quo, Mean Girl

(Rossi/Young)

Now I'm a sad one, and she was a bad one
A mean, mean girl
I never had one as greedy as that one
A mean, mean girl

Mean, mean, mean, mean girl
I guess she's not the kind that I was looking for
Mean, mean, mean, mean girl
She said I was the first but there were many more

She was a big one, a met-at-a-gig once
A mean, mean girl
I felt a sick one, she was a quick one
A mean, mean girl

Mean, mean, mean, mean girl
I guess she's not the kind that I was looking for
Mean, mean, mean, mean girl
She said I was the first but there were many more

Now I'm a sad one, and she was a bad one
A mean, mean girl
I never had one as greedy as that one
A mean, mean girl

Mean, mean, mean, mean girl
I guess she's not the kind that I was looking for
Mean, mean, mean, mean girl
She said I was the first but there were many more

She was a big one, a met-at-a-gig once
A mean, mean girl
I felt a sick one, she was a quick one
A mean, mean girl

Mean, mean, mean, mean girl
I guess she's not the kind that I was looking for
Mean, mean, mean, mean girl
She said I was the first but there were many more
