

Status Quo, Mister Mind Detector

Hey Mr. Mind Detector
Use your power to find what's going on
Hey Mr. Mind Detetctor
Gonna blow my mind before too long
Gotta find a way to learn infinity
Gotta find a way to make you save my sanity

Look into my mind an you will
Find a world of magic mystical
Images of endless beauty
Hypnotising, motorising shadows
Gotta find a way to let her know I'm here
Gotta find a way to make her want to have me near

Hey Mr. Mind Detector
Use your power to find what's going on
Hey Mr. Mind Detetctor
Gonna blow my mind before too long
Gotta find a way to learn infinity
Gotta find a way to make you save my sanity
