

Status Quo, No Contract

(Parfitt/Bown)

I don't want your lovin' baby, I won't give you mine
I need more than ifs and maybes to help me pass the time

Give me private lessons, teach me all you can
Play me silent movies, but remember baby
But remember baby
We don't got no contract

I won't buy your lying baby, you won't buy my love
Don't you think no crying babay, I won't take no bluff

Give me private lessons, teach me all you can
Play me silent movies, but remember baby
Oh remember baby
We don't got no contract

Give me private lessons, teach me all you can
Play me silent movies, but remember baby
Oh remember baby
We don't got no contract
