

# Status Quo, No Contract

(Parfitt/Bown)

I don't want your lovin' baby, I won't give you mine  
I need more than ifs and maybes to help me pass the time

Give me private lessons, teach me all you can  
Play me silent movies, but remember baby  
But remember baby  
We don't got no contract

I won't buy your lying baby, you won't buy my love  
Don't you think no crying babay, I won't take no bluff

Give me private lessons, teach me all you can  
Play me silent movies, but remember baby  
Oh remember baby  
We don't got no contract

Give me private lessons, teach me all you can  
Play me silent movies, but remember baby  
Oh remember baby  
We don't got no contract
