

# Status Quo, Your Smiling Face

I would not lie, I've apologised  
'Til my face is turning blue  
But I just can't get the message through to you  
It was all a joke, and we hardly spoke  
She was the sister of a friend  
And I promise you I won't see her again.

Oh I would not lie 'cos I could not try to fool you  
Oh I would not lie 'cos I could not stand to lose you  
I know we made mistakes, had some minor breaks  
But the song remains the same  
And I need to see your smiling face again

Won't you stay for another day  
Or maybe another night  
Can't you understand that you make me feel alright?  
I act uncool but I'm nobody's fool  
And you know I'll see you right  
Yeah, I promise you I'll make you smile tonight

Oh I would not lie 'cos I could not try to fool you  
Oh I would not lie 'cos I could not stand to lose you  
I know we made mistakes, had some minor breaks  
But the song remains the same  
And I need to see your smiling face again

Oh I would not lie 'cos I could not try to fool you  
Oh I would not lie 'cos I could not stand to lose you  
I know we made mistakes, had some minor breaks  
But the song remains the same  
And I need to see your smiling face again
