

Stavesacre, This Madness

What was his name?
What did he drag you through?
What did he say?
What did he do to you?

Do you believe (Do you believe)
He somehow had it coming
What made you think (What were you thinking)
You were here to be tread upon?

Take this madness
And wrap it up like a fist and be sure
you keep what should be yours
Now is the time to change the way this ends

(whoah) How much more of this
(whoah) Do you intend to embrace?
(whoah) How much power over your life
(whoah) Will you just give away?

What was her name?
What did she drag you through?
To generate this search to self-destruct inside you

Do you believe (do you believe)
that she deserves to see this?
This misery (this misery)
the scattering of your ashes

Take this madness
And wrap it up like a fist and be sure
you keep what should be yours
Now is the time to change the way this ends

(whoah) How much more of this
(whoah) Do you intend to embrace?
(whoah) How much power over your life
(whoah) Will you just give away?

What was your name? (What was your name?)
What have you done with you?
Is this all there is? (Is this all there is?)
Is there nothing you can do?

(whoah) How much more of this
(whoah) Do you intend to embrace?
(whoah) How much power over your life
(whoah) Will you just give away?
