

# Steadman, Love/Hate Everything

Love\hate\everything X4

When I'm feeling kind of low  
Well I don't think that anything possible  
Try my best to pull things through  
Come and take the rest of me  
Before I can become unstoppable  
Take away my fortune  
Got so blissful gifted grateful  
Dreams are reading that everything's  
Gonna come in time

I've got love  
I've got Hate  
I've got everything  
I feel bad  
I feel great  
I'll try anything X2

When I've got get up and go  
I do all the things impossible  
Doing what I want to do  
Come and take the rest of me  
Before I can become unstoppable  
Take away my fortune

Got so blissful gifted grateful  
Dreams are reading that everything's  
Gonna come in time

I've got love  
I've got Hate  
I've got everything  
I feel bad  
I feel great  
I'll try anything X2

Find some peace when I can get some  
My disease is less than welcome  
I loved it  
I hate it now  
I've got it together

Got so blissful gifted grateful  
Dreams are reading that everything's  
Gonna come in time  
Love hate everything (til end)
