

Steamhammer, Even The Clock

Oh, I'm waitin' for you in the nighttime
When I rather go to sleep in the nighttime
I don't even care if the sun don't shine
Cause even the clock don't know the right time
When you are mine
Life is a wine at the right time

Cats and owls are sleepin'
But the full moon sees me weepin'
I don't even care if the sun don't shine
Cause even the clock don't know the right time
When you are mine
Life is a wine at the right time

(Solo)

Yes I'm waitin' for you in the nighttime
When I rather go to sleep in the nighttime
I don't even care if the sun don't shine
Cause even the clock don't know the right time
When you are mine
Life is a wine at the right time

Cats and owls are sleepin'
But the full moon sees me weepin'
I don't even care if the sun don't shine
Cause even the clock don't know the right time
When you are mine
Life is a wine at the right time
