

# Stefan Andersson, Anywhere Is Paradise

Some people got to live on a big city street  
So crowded and noisy, can't hear their heartbeat  
Someway they stay in their own hometown  
Others kind of like it keep moving around

But baby I could live near or far  
Anywhere between here and some shooting star  
As long as I'm always where you are

Cause anywhere is paradise when you're with the one you love,  
Anywhere is a place that's nice when you're with the one you dream of,  
Anywhere is paradise when you're with a love that's true  
There's nowhere I'd rather be baby than anywhere with you

Some people want to be where the big money is  
Some want to be in Hollywood showbiz  
Some got to be where they know what things mean  
Others just want to be where I can be seen

But baby anywhere for me will do  
Anywhere between here and that far off moon  
As long as I'm always there with you

Cause anywhere is paradise when you're with the one you love,  
Anywhere is a place that's nice when you're with the one you dream of,  
Anywhere is paradise when you're with a love that's true  
There's nowhere I'd rather be baby than anywhere with you

Your heart and mine joined together like hand and glove  
We already found our forever on earth as in heaven above  
So baby, anywhere will do for me  
Cause' wherever in the world we'll ever be  
Will always be the land of love

Cause anywhere is paradise when you're with the one you love,  
Anywhere is twice as nice when you're with the one you dream of,  
Anywhere is paradise nothing could be more true  
There's nowhere I'd rather be baby than anywhere with you  
Anywhere with you  
Anywhere with you
