

Stefan Eicher, Move Closer

Move a little closer babe
move real close
so close that a part of me is you

And move a little slower babe
move real slow
so slow that there s nothing
left to do

Let's forget the way
that brought us here
with you like this
I could dance for another year

So move a little closer babe
move real close
so close that a part of me is you

There s no more
room to fight
cause you and i
we came too tight

So move a little slower babe
move real slow
so slow that there s nothing
left to do

Move a little closer babe
move real close
so close that part of me
is you

And move a little slower babe
move real slow
so slow that there's nothing
left to do

So move a little slower babe
move real slow
