Stefanie Heinzmann, Painfully Easy

Realize the things you do
make me wanna keep on lovin' you
it's your carrying way
that makes it harder
I realize the things you say
make me want you even more to stay
it's your sweeter words
that make it harder

baby know that when you leave
you take away my right to breath

CHORUS:
so when today turns tomorrow
i'm gonna wait, wait for that someone
to carry me through
reminds me of you
Baby
so when the sky falls forever
my love alone can keep us together
'cause we had it all
rains gonna fall
painfully easy

realized a thing or two
i've seen it all in what you do
i never meant that much to you
that made me harder
i've realized for what we had
things are always gonna turn how bad
you kept it all inside
and now i realized
and so did i

ever since the day you came
i always thought you'd feel the same

CHORUS

baby know that when you leave
you take away my right to breath

CHORUS
