Girl I go do you 99 things
But we dey for 69
Girl I'm staying alive for that pussy
But mami I fit still die
Cause you are aggressively riding my Ferrari
Any moment you ah fi crash it
And my body and soul wan hit decline
Finna make the devil wanna read the Bible
Umm yea eh

And you know tonight a sacrifice on my bed
And you know say you must come ready
Natural disaster happening in your legs
And you know say you might flood heavy
Mi know say many many things full your head
My gyal, you are so deadly
My gyal, you are so deadly
My gyal, you are so

But you let me run run run
I'm a runner running through your mind
You think seh di feelings done
Reminiscing about my body all night
Take precaution, won't let it go easy
I let you go see who can really love you, baby
Who can really love you, baby

Gwan send it up back
Push it in, tell me seh yuh love me like that
Big benz inna lung, mek me stop chat
Big benz inna lung

Put mi pon di dresser, arch mi back fi yuh, babe
Siding pon di pole, buss a stack fi yuh lady

And you know tonight a sacrifice on my bed
And you know say you must come ready
Natural disaster happening in your bed
And you know say you might flood heavy

Buss down, Van Cleef, CC
On the neck diamond choker with the VV's
Real bad, big Benz with a big bag
Come and do my body on a hand stand

And you know tonight a sacrifice on my bed
And you know say you must come ready
Natural disaster happening in your bed
And you know say you might flood heavy
Mi know say many many things full your head
My gyal, you are so deadly
My gyal, you are so deadly
My gyal, you are so
So
