

Stefflon Don, Juice

He said he love it when I ride the stick
Get on top of it
Love the chase
Like that vodka with that after mix
Block a bitch
Who you be Who you rocking with
Toppin shit Make em freeze
In my artic whip

Listening to them
they don't know what it's about
Been buzzing
Better come correct or shut your mouth
When they hear my name
Bet they start to scream and shout
Money and respect
You can keep the fucking clout

I just came up on a milly
Stacking it up to the ceiling
Bet you know we in the building
Cant touch touch but i know that u feel it
I'm on the block at the hideaway
I don't give a fuck what nobody say
If I'm goin hard going all the way

It ain't my attitude
It's your attitude
Nigga you're so rude
yea you so rude
I been on ma own two
Doing what im supposed to
It ain't about me
always about you

Hook

Do this for me I ain't worried bout you
Protecting my mental got to much to lose
Bitch you gon need me but I wont need you

I got the juice say it with me oh

Verse
Who you gonna find nigga to replace me
I ain't got 99 problems I ain't jay z
You stuck on stupid if you thinking

I Got the keys to the streets
Yeah they raised me

Im so colder than an ice tray
They show me love now

Sending me messages about how they wanna come around cause I got mmmmoney now

It ain't my attitude
It's your attitude
Nigga you're so rude
yea you so rude
I been on ma own two
Doing what im supposed to

It ain't about me
always about you

Hook
