

Stefflon Don, Like That

I said Pardon me
I ain't met nobody hard as me
He said he love me thats hard to see
Ain't got no keys I just start the jeep
This a liquor and drugs keep me company
Diamonds on me they ain't numbing me
I feel the spirits all over me
I know that God's watching over me

These bitches aint realer than me
I get respect in the streets
From trappin to singing on beats
Playing for keeps dont get why they hating on me
He need me he just couldn't see Whats it gon be
Dont get no better that me swore he saw me in his dreams
You ain't gon leave
Get money I cook and I clean
Loyal till I die

Ice freeze pull up I fill up the seats
Try me got the burner I turn up the heat
Feel the furnace right under your feet
All the blogs they be hating on me
Do this for my family they depending on me

Hey would you like that,
If I wrote a love letter would you write back ?

I said Pardon me
I ain't met nobody hard as me
He said he love me thats hard to see
Ain't got no keys I just start the jeep
This a liquor and drugs keep me company
Diamonds on me they ain't numbing me
I feel the spirits all over me
I know that God's watching over me

These bitches aint realer than me

Playing for keeps dont get why they hating on me
He need me he just couldn't see Whats it gon be
Dont get no better that me swore he saw me in his dreams
You ain't gon leave
Get money I cook and I clean
Loyal till I die

These bitches they ain't in my lane
They know that we not the same
Cut the grass now im seeing the snakes
Fuck working for minimum wage
Did a show look at what I got paid
Who care what a hater say ?
Touring im out of space
Told my son I be home in a day

Hey would you that, if I wrote a love letter would you write back ?
