

# Stellar\*, Are You Waiting

turn with the tide  
who said it would be easy  
you piss it away  
so don't you complain  
it's all in your head  
but that's ok  
cos you got more than your fair share  
you're sad enough  
you're sad enough

are you waiting, waiting  
to fall in love again  
are you waiting, waiting  
to fall in love  
are you ready to fall

go with the flow  
who said it would be easy  
to see the doors  
but don't you feel bad  
it's in all in your head  
but that's ok  
cos you got more than your fair share  
you're sad enough  
you're sad enough
