

Stellar, Smoking Gun

Cuz now I'm on the run
Hand on my smoking gun
Cuz I'd do anything for her
Cuz now I'm on the run
Hand on my smoking gun
You act crazy when you're falling in love

Come with if me you want to
Can't promise we'll be alright
Don't have to tell you ain't no
Turning back if you cross the line
No hiding in the shadows
Let's bring these feelings to light
You ran away with my heart
Baby like a thief in the night

I know, nothing really matters
Without you, I am a disaster
If we stay, no happy ever after
No happy ever after

Cuz now I'm on the run
Hand on my smoking gun
Cuz I'd do anything for her
Cuz now I'm on the run
Hand on my smoking gun
You act crazy when you're falling in love
Ooh ooh ooh ohoh, ayeah
Ooh ooh ooh ohoh, ayeah

If I could tell you
What's going on in my head
Or why we're running
We're running away from regret
Don't have forever
Let's never look back and forget
Ohwoah

I know, nothing really matters
Without you, I am a disaster
If we stay, no happy ever after
No happy ever after

Cuz now I'm on the run
Hand on my smoking gun
Cuz I'd do anything for her
Cuz now I'm on the run
Hand on my smoking gun
You act crazy when you're falling in love
Ooh ooh ooh ohoh, ayeah
Ooh ooh ooh ohoh, ayeah
