

Stellastarr*, Damn This Foolish Heart

I wanna see the flame
Behind your silent rage
Behind your lonely eyes
I never wanna see you cry

So d-d-don't you run
No matter whatcha done
No matter how you bleed
Loving is a dangerous dream

Yes, I'm gonna go in (sane)
I'm gonna go in (sane)
I'm gonna go in (sane)
I'm gonna go in (sane)
Yes, I'm gonna go insane

I don't know your name
But you're the reason why
I just have to try, oh oh oh
And it feels like I should stay
But I am too afraid
Damn this foolish heart, oh oh oh

C'mon and celebrate
You can control your fate
This lonely evening
I wanna hear the DJ sing
So n-n-never leave
Imagine trusting me
Oh, I hope you understand
I never wanna see you sad

Yes, I'm gonna go in (sane)
I'm gonna go in (sane)
Well, I'm gonna go in (sane)
Yes, I'm gonna go insane

I don't know your name
But you're the reason why
I just have to try, oh oh oh
And it feels like I should stay
But I am too afraid
Damn this foolish heart, oh oh oh
Oh, oh, oh
Oh, oh, oh
Oh, oh, oh

Damn this foolish heart
Damn this foolish heart
Yeah, damn this foolish heart
Damn this foolish heart
Damn this foolish heart
Damn this foolish heart
