

Stellastarr*, She's Gone

Everybody's high on consolation
Everybody's trying to tell me
What is right for me, yeah
I need a drink and a quick decision
Now it's up to me, ooooh what will be

She's gone, she's gone
Oh why, oh why
I better learn how to face it
She's gone, she's gone
Oh why, oh why
I'd pay the devil to replace her
She's gone, she's gone
Oh why
What went wrong

Get up in the morning, look in the mirror
One less tooth brush hanging in the stand
My face ain't looking any younger
Now what I can see
Love's taken a toll on me

She's gone, she's gone
Oh why, oh why
I better learn how to face it
She's gone, she's gone
Oh why, oh why
I'd pay the devil to replace her
She's gone, she's gone
Oh why
What went wrong

Think I'll spend eternity in the city
Let the carbon and monoxide choke my thoughts away
And pretty bodies help dissolve the memories
There can never be what she once was to me

She's gone, she's gone
Oh why, oh why
I better learn how to face it
She's gone, she's gone
Oh why, oh why
I'd pay the devil to replace her
She's gone, she's gone
Oh why
What went wrong

She's gone, she's gone
Oh why, oh why
I better learn how to face it
She's gone, she's gone
Oh why, oh why
I'd pay the devil to replace her
She's gone, she's gone
Oh why
What went wrong
