

Stephane i 3G, We don't wanna put in

Some people tell you the stories
To drag you down to (their) the knees,
But lemme tell you don't worry,
No worries, No worries.

Another glass of my moonshine,
Will kick the hell out of me,
But lemme focus on good stuff,
Some good stuff, just good stuff.

We Don't Wanna Put In

The negative move,
It's killin' the groove.

We Don't Wanna Put In

Cuz negative move,
Is killin' the groove.

So many people are whining,
They're freakin' all day long,
The bitchin' will last forever
And ever, and ever. . .

You better change your perspective,
Your life won't be outta luck,
A groovy sun will be rising,
(It's) Be rising, it's rising. . .

We Don't Wanna Put In

The negative move,
It's killin' the groove.

We Don't Wanna Put In

Cuz negative move,
Is killin' the groove.
