

Stephanie Dosen, Way Out

Morning seagulls are calling
Our curtains play in the wind
Oh, this will be so different
I won't leave and you won't have to fade away

Sleeping a little while longer
We're safe and warm and we're gonna stay in
Oh, this will be so different
I won't leave and you won't have to fade away

And then we'll go sailing when the sun goes down
All the way out
Oh, my sailor
Way out
Sail on
Way out

Sail out just a little bit farther
See starfish learning to swim
Oh, this will be so different
I won't leave and you won't have to fade away

And then we'll go sailing when the sun goes down
All the way out
Oh, my sailor
Way out
Sail on
Way out
