

# Stephen Bishop, Walking On Air

Like a bird flies from tree to treetop  
On the wings of a special love  
I hear the sound of young hearts beating  
Love is never where you think you'll find it  
All you need is the very first kiss  
then you're...

Walking on Air

Love won't let you come down

Walking on Air

your feet will never touch

Walking on Air

Love has finally caught you

Love's a ride that can last a lifetime

You find your heart in a warm embrace

then you can go around the world

in just 5 minutes

There's so many ways to say you love her

It's so easy once you make the first move

then you're...

Walking on Air

Love has really hit you

Walking on Air

Your feet will never touch

Walking on Air

and Love won't let you come down

LOVE, LOVE, LOVE

How can you wonder

if you really love her?

It's so easy once you make the first move

Walking on Air

Love has finally hit you

Walking on Air

Your feet'll never touch

Walking on Air

and Love won't let you

Love won't let you

Love Love won't let you...

come down

I'm Walkin on Air

LOVE, LOVE, LOVE

(basic whistling)
