

Stephen Gately, Games Of Love

.from the different beat album (1996). written by gately/hedges/brannigan.

Many years ago now
In the garden of love
A temptation that was watched from above
I'll be your adam, if you'll be my eve
So come show me that you
Will not deceive

That love, just a crazy feeling
Deep and hidden meaning, it's true
And love, takes some understanding
So don't you go and break all the rules

We're talking a-b-c
I'm singing do-re-mi
I'll teach you endlessly
Games of love

We're counting 1-2-3
I'm writing "u 4 me"
I'll teach you endlessly

Games of love

Listen to me now girl
'cos you've known all along
It's a game of love so don't play it wrong
I'll be your romeo and you juliet
Just read the book and you won't forget

That love, just a crazy feeling
Deep and hidden meaning, it's true
And love, takes some understanding
So don't you go and break all the rules

We're talking a-b-c
I'm singing do-re-mi
I'll teach you endlessly
Games of love

We're counting 1-2-3
I'm writing "u 4 me"
I'll teach you endlessly
Games of love
