

Stephen Gately, I Can Dream

Friday night and I just left you at departures
I walked away with a tear on my face
Ten-minute's since you've gone I'm feeling broken hearted
And I hope that you're feeling the same
And no matter how hard I try
I keep missing you, oh you, you yeah

Chorus

I can dream when I look in your eyes
Dream when I kiss you goodnight
My heart will never let me tell you goodbye
I can dream of you dream of you baby this time
I can fly

Tuesday and finally I was waiting at the arrivals
I just stood there with a smile on my face
Five days baby since you've gone were you feeling broken hearted?
Cos I don't wanna feel this way again
And no matter how hard I try
I keep missing you, oh you, you, you

Chorus x2

I've gotta let you know I'm never leaving
Cos I need you so I'll never let you go baby
Baby all the time my heart is bleeding for you
For you

Chorus x 2
