

Stephen Gately, Judgement Day

Someday

I know I'll find a way to say

What make's the world a better place?

You say

My mind is telling me to fight

For my rights

I've learned my lesson

Done my time

Chorus

Someone please just save me

Help me please

Don't break me

I pray (I pray)

It's crazy

My hearts pounding

Save me on judgement day

My day

Doomsday

I've known that I have made mistakes

But I've paid

Oh please don't give my soul

Away

I'm dreaming of freedom

I watch from my window inside

My pulse and my breathing

Is what I am needing

For life

You've watched me sleepless

Seen me cry

Oh why

Help me my life is on the line

SOMEONE PLEASE

Chorus

SOMEONE PLEASE

Just save me

Help me please

Don't break me

I pray (I pray)

It's crazy

My hearts pounding

Save me on judgement day

My day

My day

My day

My mind is telling me to fight

For my rights

I've learned my lesson

Done my time

Chorus to fade
