Stephen Gately, Judgement Day

Someday
I know I'll find a way to say
What make's the world a better place?
You say

My mind is telling me to fight
For my rights
I've learned my lesson
Done my time

Chorus
Someone please just save me
Help me please
Don't break me
I pray (I pray)
It's crazy
My hearts pounding
Save me on judgement day
My day

Doomsday
I've known that I have made mistakes
But I've paid
Oh please don't give my soul
Away
I'm dreaming of freedom
I watch from my window inside
My pulse and my breathing
Is what I am needing
For life
You've watched me sleepless
Seen me cry
Oh why
Help me my life is on the line

SOMEONE PLEASE

Chorus
SOMEONE PLEASE
Just save me
Help me please
Don't break me
I pray (I pray)
It's crazy
My hearts pounding
Save me on judgement day
My day
My day
My day
My mind is telling me to fight
For my rights
I've learned my lesson
Done my time

Chorus to fade
