

Stephen Gately, Where Do We Go

I ask when will I see you again
Once was all that we had
And your touch I've forgotten
How good it was
Questionmark trade of thoughts

Turning around in my mind
Can't let go
Visions of you baby
Is all that I know

Where do we go from here
How do find the our way to go on
Promise you'll stay by my side
Don't walk away from me now
Where do we go

I ask myself where are you now
Are you alone in the dark
Do you feel the same way
I'm feeling for you
'Cause baby I need to know

Constantly sleepless
Alone in my bed
Visions of you babe
Is all that I have

Where do we go from here
How do find the our way to go on
Promise you'll stay by my side
Don't walk away from me now
Where do we go
